I gotta see gene!

Seegene

.....excellence and innovation in molecular biology

2004 Technical Seminar - New Platform of PCR Technology

- ◆ Novel Platform Technology for exclusively amplifying all known & novel members of gene families (Homeobox Genes)
- ◆ 5 hr Gene Discovery on agarose gels: Differentially Expressed Genes (DEGs)
- ◆ Transcription Factor screening
- ◆ Gene Family isolation
- ◆ Complete elimination of False PCR product
- ◆ The ways to overcome the limitations in Primer Design

Speaker:
Professor Jong-Yoon Chun (CEO of Seegene Inc)

Date: Wednesday 20th October
Time: 10:00 start
Venue: The Pharmacia Library Lecture Theatre,
10th Floor, East Wing,
Lab Block, Imperial College,
Charing Cross Hospital, St Dunstan's Road,
London W6 8RP

A Prize Draw for USB Storage Devices (128Mb) will be available to those who register in advance.
